

# **TAGORE PUBLIC SCHOOL**

*A Synonym to Discipline*

## **Silver Linings**

“Don’t spin your wheels chasing after something that is not meant to be. There is something else better that is just around the corner, and it’s got your name on it in ALL CAPS!” — Charlene Walters

***AN EXPRESSION OF THE ASPIRATIONS OF YOUNG TAGORIANS!***

*Time and again there  
have been calls for educators  
to believe in their students.*

*In some unique way, we are all talented.  
Good teachers know this and encourage  
the realisation of excellence.*

*For Tagore Public School,  
this means setting achievable standards  
in terms of cognitive and affective performance.*

*With challenging goals  
Often come exceptional rewards  
and with self-belief,  
mountains can be conquered  
and personal growth assured.*

*A strong human spirit drives us to excel.*

We are thrilled to announce a momentous achievement that fills us with immense pride and joy. *Tagore Public School, Gurgaon, has been ranked among the top 10 schools in the country in a nation-wide survey conducted by Education World.*

## Accolades & Celebration

This recognition is a testament to our unwavering commitment to providing quality education and fostering holistic development in our students. We believe in nurturing not just the academic abilities but also the character, values, and talents of our students. This ranking acknowledges our collective efforts and the exceptional dedication of our teachers, staff, and students. The Education World survey, known for its stringent evaluation criteria, assessed schools across various parameters, including academic excellence, co-curricular activities, sports, infrastructure, and more. *Our remarkable position in the top 10*

*schools in India reflects our excellence in all these facets.*

Our success is not just a one-time accomplishment but a reflection of our consistent pursuit of excellence over the years. We owe this achievement to our students who have demonstrated exceptional skills and determination, our faculty who tirelessly work to impart knowledge and values, and our supportive parent community who entrust us

with their children's education.

As we celebrate this accomplishment, we also remind ourselves that there is no finish line in education. This achievement motivates us to strive for greater heights and continue to provide a nurturing and enriching environment for our students.

We are elated to share some remarkable news that fills us with immense pride and joy. Tagore Public School has been recognized as the No. 1 CBSE school in Haryana for the "Most Effective Blended Learning Model". The Director of the school Mrs. Rakhi Yadav received the North India School Merit Awards by Education Today on 31st August 2023.

This achievement underscores our unwavering commitment to providing innovative and quality education to our students. The "Most Effective Blended Learning Model" category is a testament to our adaptability and dedication to ensuring uninterrupted and enriching learning experiences, especially in challenging times.

**Accolades  
&  
Celebration**

We believe that education is not confined to the four walls of a classroom, and our school's ability to embrace and excel in blended learning highlights our adaptability and dedication to ensuring that our students receive the best education, regardless of the circumstances.

We are appreciative of our parents, for having confidence and trust in us. And the accolade serves as recognition for the teachers' hard work as well. The award was bestowed at the Education Today Awards Ceremony, in recognition of the school's commitment to excellence in education.

While this achievement is indeed a moment of pride and celebration, it also serves as a reminder of our commitment to continuous improvement. We understand that the education landscape is ever-evolving, and we are determined to stay at the forefront of educational innovation.

## Cultural & Heritage Club

Teacher's Day was celebrated to honor and appreciate our dedicated educators who nurture and counsel the learners and help them to make sense of their intellectual, emotional and social needs. It was delightful and memorable.

The celebration began with the traditional lighting of the lamp. The event progressed with poems and heart-warming dance performances by the students.

### Teachers' Day Celebration

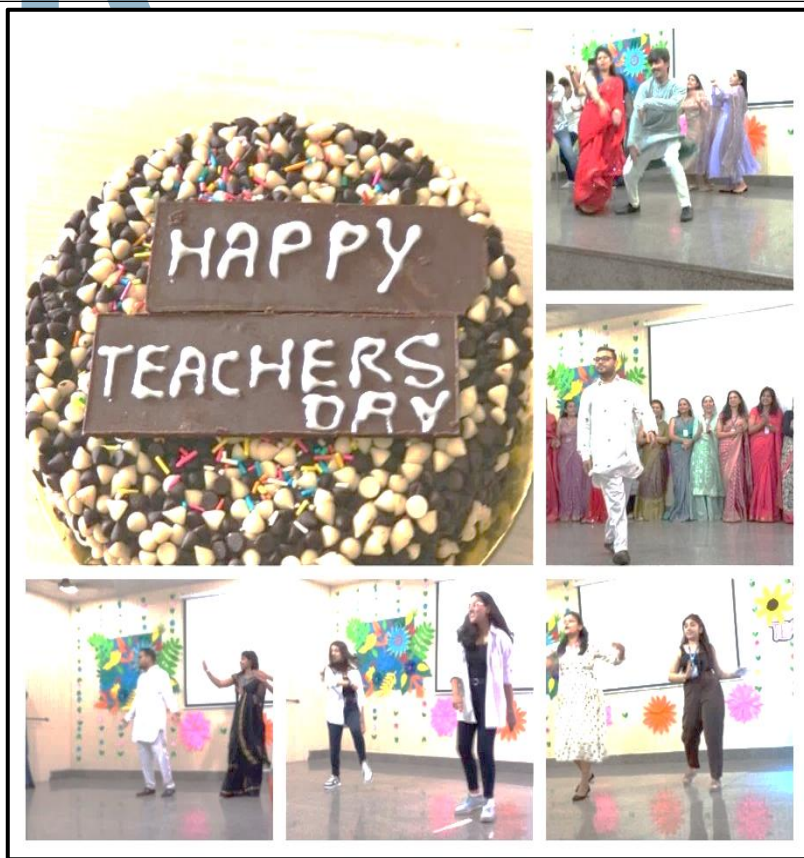

The day started with students expressing their heartfelt gratitude to their teachers through handwritten notes, cards. These touching gestures touched the hearts of our teachers and reminded them of the positive impact they have on their students' lives.

A special assembly was also organized, featuring songs, dances, and skits. It was a heartwarming display of appreciation and admiration.

The school also recognized the outstanding efforts of our educators by presenting Teacher Appreciation Awards. These awards were based on nominations from students and fellow teachers, highlighting the exceptional dedication and contributions of our teaching staff.

To add a touch of culture to the celebration, students performed traditional dances, recited poems, and showcased their artistic talents. These performances were not only entertaining but also emphasized the cultural richness of our school.

The celebration took an interactive turn with a Teacher Trivia Game. Students and teachers participated enthusiastically. It was a fun and engaging way to learn more about the teaching staff.

Teachers enthusiastically participated and showcased their hidden talent. In a glamorous segment of the celebration, the teachers had their moment to shine with a ramp walk. Dressed in their finest attire, they sashayed down the runway, receiving thunderous applause and appreciation.

The event concluded with a heartfelt vote of thanks extended by our Vice Principal Ma'am. She expressed gratitude to the teachers for their tireless efforts and dedication in nurturing young minds. She mesmerized every one with her melodious song. She also thanked and acknowledged the hard work put in by students and organizers to make the event a grand success.

It is with great enthusiasm and delight that we share the wonderful moments of our recent Janmashtami celebration. Janmashtami, the birthday of Lord Krishna, is a significant Hindu festival that symbolizes love, devotion, and the triumph of good over evil. Our school believes in the importance of celebrating and preserving our rich cultural heritage, and this year's Janmashtami celebration was a true reflection of our commitment.

Janmashtami, also known as Krishna Janmashtami, is a joyous Hindu festival celebrated with great enthusiasm and devotion to commemorate the birth of Lord Krishna, the eighth incarnation of Lord Vishnu. Our Tagore Public school was adorned with vibrant and colorful decorations to create a festive atmosphere. The school's central courtyard was beautifully decorated with traditional motifs, rangoli designs, and images of Lord Krishna and Radha.

## Janmashtami Celebration

Students and teachers donned traditional attire for the occasion, which added a colourful and cultural dimension to the celebration. It was heart-warming to see everyone embracing the spirit of Janmashtami with their vibrant clothing.

A beautifully decorated chariot carrying an idol of Lord Krishna was the centrepiece of our Krishna Janam procession. Students and teachers, dressed as characters from Krishna's life, accompanied the procession with songs, dances, and chants.

Our talented students showcased their artistic talents through classical and folk-dance performances, skits portraying the life of Lord Krishna, and devotional songs that resonated with the audience.

Students formed teams and participated enthusiastically in this traditional event. It was a delight to witness the energy and teamwork displayed by our students.

The celebration also included a moment of prayer and reflection, where students and teachers came together to seek blessings for wisdom, love, and prosperity. It was a serene and spiritually enriching experience.

The Janmashtami celebration serves not only as a platform for cultural expression but also as an opportunity for our students to learn about the rich traditions and values associated with this festival. It encouraged a deeper understanding and appreciation of our diverse cultural heritage. We look forward to continuing such cultural celebrations to nurture a holistic and inclusive learning environment in our school.

On the occasion of Gandhi Jayanti, Tagore Public School celebrated this momentous occasion by organizing a special assembly to honour the father of our Nation. The day was filled with meaningful activities and events that allowed our students to reflect on the values and principles that Gandhiji stood for.

## Gandhi Jayanti

The school was filled with beautiful posters spreading awareness about the important things said and done by Gandhiji. The special assembly commenced with the introduction by Mrs. Homa which was followed by a song by Mrs. Monika Rathi which invoked a sense of patriotism and togetherness in all the attendees.

A song about Gandhi's sacrifice for the nation was sung by our school choir. Its meaningful lyrics and melody kindled the joy of being a proud Indian. Soon after, a skit was performed by students of Grades VII & VIII which was praised by our Vice Principal Ma'am Mrs. Madhu Chauhan for its charismatic portrayal of various characters.

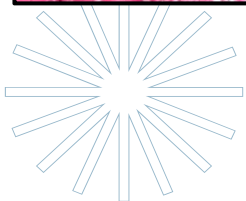

While the audience were entertained by all the previous activities, a very powerful and emotional speech was delivered by our student Manasvi of class XI. And to sum it up a quiz was conducted which created a sense of excitement while also spreading adequate knowledge about Gandhiji and the works of his lifetime.

This allowed the students to get a glimpse of the real struggles of our freedom fighters and understand the significance of this day. Gandhi Jayanti was not just a day of remembrance but also an opportunity for our students to understand the relevance of Mahatma Gandhi's principles in today's world.

His teachings of non-violence, truth, and social equality continue to guide and inspire us, and we hope that our students will carry forward these values in their lives. Towards the end of the special assembly our Vice Principal Ma'am gave the certificates and medals awarded by Bal Nev Foundation to the participants.

At Tagore Public School we continually look forward to organizing more such informative and engaging events which not only entertains but also spreads awareness and gives a sense of values to the next generation and will ensure a holistic learning environment.

We are delighted to share the joyous movement of our little ones' enthusiasm and participation in the vibrant Dandiya and Garba Dance festivities at Tagore Public School. Dandiya and Garba are traditional folk dances that originate from the Indian state of Gujarat. These dances are synonymous with the grand festival of Navratri, a celebration of music, dance, and culture.

Our pre-primary students had the opportunity to explore these rich traditions in a fun and engaging way. It was a delight to witness our NURSERY children embrace the spirit of the festival by dressing up in vibrant traditional attire, came together to dance, twirl, and celebrate and wholeheartedly engaging in the Dandiya dance with their paper Dandiya.

## Dandiya Dance

The sound of dandiya clashing and the energetic Garba steps filled the air with excitement. Their energy and dedication were truly commendable. Dancing with dandiya requires precise hand-eye coordination and rhythm, skills that were developed during the festivities.

Dancing, in pairs or groups promoted social interaction and cooperation, teaching our students valuable life skills. Let's continue to foster this spirit of celebration and cultural appreciation among our young learners. In our continuous effort to introduce students to India's rich cultural heritage and traditions.

Dussehra also known as Vijayadashami, is a Hindu festival that marks the victory of good over evil. It is celebrated with great enthusiasm and devotion all across India. The essence of Dussehra lies in the epic tale of *Lord Rama's* victory over the demon king *Ravana*.

## Dussehra Celebration

This story teaches us valuable lessons about the triumph of righteousness, truth, and virtue over deceit and wickedness. It reminds us that no matter how powerful evil may seem, it can be defeated through determination, faith, and unity.

Tagore Public School celebrated this day starting with a special assembly organised by the students of Classes 6 to 8. The program began with the prayers and a speech that threw light upon the importance of Dussehra and a student Irfan from Grade 6 also spoke about the values surrounding Dussehra - which was very enlightening and informative.

Meaningful Dohas were presented by students of Grade 8 followed by a skit by Grade 6, about the epic victory of Lord Rama over King Ravana - which was highly appreciated for the tremendous efforts put in by the students. Poems were recited by students of Grade 8 which were followed by another skit which was enacted by the students of Grades 7 and 8.

It was a delight to witness the energy and teamwork displayed by our students. A special program was organized in which students showcase their talent through a group song and live aarti recitation. The dedication and hard work put into these performances were evident.

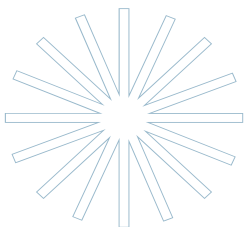

There was also a moment of pride for many students as they received the prizes that they won from the inter school competition conducted in 'Shalom Hills International School'. These prizes were accorded to them by our Director Sir and Vice Principal ma'am.

To engage and bring joy to the parents in this wonderful assembly, they were invited to join in Garba - which is a form of Gujarati traditional dance.

This allowed our students and parents to connect with their roots, understand the significance of the festival, and appreciate the rich heritage of India.

The event ended with a lot of happiness and cheer. We look forward to continuing such cultural celebrations to nurture a holistic and inclusive learning environment in our school.

टैगोर पब्लिक स्कूल में हर साल हिंदी दिवस के इस महत्वपूर्ण दिन का आयोजन बड़े ही उत्साह और धूमधाम से होता है। यह दिन हमारे भाषा के महत्व को याद दिलाने और मनाने का मौका होता है, जिसे हम हर साल बड़े उत्साह के साथ मनाते हैं। हमारे स्कूल के हर विद्यार्थी इस दिन के लिए तैयारी करते हैं और विभिन्न प्रकार के प्रतियोगिताओं में भाग लेते हैं।

सभी विद्यार्थी नाटक, कविता पाठ, दोहे और गीत-गाने के माध्यम से हिंदी की महत्वपूर्ण भूमिका को निभाते हैं। छात्रों ने कविता के माध्यम से हिंदी भाषा पर प्रकाश डाला। इस खास दिन पर हम सभी को हमारी मातृभाषा के प्रति और उसके महत्व के प्रति और भी अधिक गर्व महसूस होता है। हम सभी को यहाँ हिंदी भाषा के महत्व को याद दिलाने का एक सुंदर अवसर प्राप्त होता है और हम इसे गर्व से

**Hindi  
Diwas**

मनाते हैं।

इस विशेष दिन के आयोजन में भाग लेना हमारे विद्यालय के सभी विद्यार्थियों और शिक्षकों के लिए गर्व का स्रोत बनता है। विद्यालय में शिक्षक एवं शिक्षिकाओं ने छात्रों को हिंदी के प्रति जागरूक किया। हिन्दी दिवस के अवसर पर हमारे हिन्दी में प्रतिभाशाली छात्रों को स्कूल की उप-प्रधानाचार्या श्रीमती मधु चौहान जी ने प्रशस्ति पत्र और पदक से सम्मानित किया।

## Class Activities

"वर्ण गाड़ी" एक अत्यधिक रोचक और शिक्षाप्रद गतिविधि थी जिसे हमने छात्रों के साथ LKG वर्ग में आयोजित की। यह गतिविधि एक ऐसा मौका प्रदान करती है जिसमें छात्रों को वर्ण और वर्णमाला के अहमियत को समझाने का विशेष अवसर मिलता है।

प्रत्येक बच्चे को एक छोटी सी 'वर्ण गाड़ी' दी गई, जिसमें विभिन्न वर्ण लिखे गए थे। छात्रों को उन वर्णों की पहचान करने और उनके सही उच्चारण को अभ्यस्त करने का मौका मिला। उन्हें वे वस्तुएँ चुनने का कार्य था जो उनकी वर्ण गाड़ी के लिखे वर्ण के साथ मेल खाती हैं। यह गतिविधि छात्रों को अधिक सक्रिय बनाने के साथ-साथ उनकी याददाश्त में वर्णों और उनके उच्चारण को मजबूत करने में सफल रही।

### 'Varn Gaddi'

छात्रों के चेहरों पर खुशी और उत्साह की छवि थी, जब वे अपनी वर्ण गाड़ी को खुद बनाते और उसके साथ खेलते। यह गतिविधि उन्हें वर्णों के महत्व को समझने के साथ-साथ उनके अधिगम में भी सुधार करने में सफल रही। छात्रों ने न केवल वर्णों की पहचान की, बल्कि उन्होंने उन वस्तुओं को भी सही रूप में पहचान लिया जो उनके समान वर्ण से प्रारंभ होती हैं।

यह अद्वितीय गतिविधि 'टैगोर पब्लिक स्कूल' के सुंदर हरित पर्यावरण में आयोजित की गई थी, जिसने छात्रों को अधिक प्रेरित किया और उनके शिक्षानुभव को और भी अद्वितीय बनाया। यह एक उत्कृष्ट उदाहरण है कि शिक्षा किस तरह छात्रों के अधिगम में सकारात्मक परिणामों को उत्पन्न कर सकती है।

**“The blueness of the sky, the depth of the ocean, the vastness of the universe – all remind us of the infinite possibilities that lie within us.”**

Blue is a colour associated with calmness, serenity, depth, and tranquility. The day began with children dressed in beautiful shades of blue, showcasing their enthusiasm for the theme. The classrooms were adorned with blue decorations, creating an enchanting atmosphere for our young learners.

Describing the color with its meaning, the kids of ABECEDARIAN Wing enjoyed the celebration of 'Blue Day'. They identified blue color in the real world and recognized different articles in shades of blue. The children enhanced their ability to recognize and differentiate between various shades of blue.

Engaging and educational activities were conducted for the little ones, who were also dressed up in the same colour. They also brought blue-colored objects like stuffed dolphins, blueberries, beach balls, and more. They participated in different activities.

Our young artists will engage in creative projects that involve blue such as finger painting, creating blue ocean scenes, and making blue-themed collages. This hands-on experience will allow them to explore their imagination and artistic talents.

Children were also shown various shades of blue, from the sky to the deep sea, and from flowers to everyday items. All the students enjoyed the day!

**Blue Color  
Day  
Celebration**

**"Pink is the color of strength, a color of conviction, a color of decision making."**

Describing the color with its meaning, the kids of Elementary Wing enjoyed the celebration of 'Pink Day'. They identified pink color in the real world and recognized different articles in shades of pink. Engaging and educational activities were conducted for the little ones, who were also dressed up in the same color.

## Pink Color Day Celebration

They also brought pink-colored objects like fluffy bunnies, balloons, balls, puppies, pigs, water bottles, pencil boxes, etc., and more. Students got a chance to create their own pink-themed artwork, using a variety of pink materials to express their creativity.

They participated in different activities like bunny face making, bunny headgear making, and wristband making. They even had a fashion show with different shades of pink. Children were also introduced to fun 'P' words through a colorful presentation. Children did an activity on sorting pink objects. All the students had a delightful day!"

The "Making a Robot and a House using Various Shapes" activity brought out the young architects and engineers in our students. 2D shapes are the building blocks of more complex geometric concepts. Recognizing and working with these shapes is a crucial early math skill, and our Pre-Primary students got to explore them in a hands-on, interactive way.

Our young builders were tasked with creating their own robots using 2D shapes as the primary building materials. It was wonderful to see how their imaginations ran wild as they combined circles, squares, triangles, and rectangles to construct unique robotic friends. This activity encouraged them to understand how different shapes can be put together to form more complex structures.

## Two-Dimensional Shapes Activity

This activity was more than just a creative exercise; it was a valuable learning opportunity. By engaging in shape-based crafts students reinforced their knowledge of different 2D shapes, improved their fine motor skills through cutting and pasting, enhanced their spatial awareness as they assembled shapes to create their projects. It encouraged problem-solving and critical thinking.

Gandhi Jayanti is not just a day to remember the Mahatma; it is a day to reflect on his teachings and put them into practice. So, Students organized a drive to collect e-waste on the eve of Gandhi Jayanti. *Cleanliness Drive* was special because it not only focused on tidying our surroundings but also placed a strong emphasis on the proper *disposal* of electronic waste.

## Cleanliness Drive

His emphasis on cleanliness was not merely about sweeping streets but about maintaining a clean heart and a clean environment. Our school's "Cleanliness Drive" aimed to encapsulate this profound message. Gandhi's principles of *sustainability and responsible stewardship* of the environment align well with such initiatives.

Our students actively participated in collecting old and non-functional electronic devices, such as old mobile phones, chargers, and computer accessories. These items were brought to a dedicated collection point on our school campus. The students also learned about the potential hazards that e-waste poses to the environment and the importance of recycling and proper disposal.

Donating the collected e-waste to an NGO for proper disposal and recycling is a responsible and eco-friendly approach. It's essential to raise awareness about the proper disposal of electronic waste to protect our environment.

At Tagore Public School, we believe in nurturing not just academic excellence but also social and environmental responsibility. Water, the elixir of life, is a resource that we must cherish, protect, and conserve. It's with this profound understanding that our school recently organized a "Save Water Poster Making Activity" to raise awareness among our students about the importance of water conservation.

To further this mission, our vibrant young artists in grades 3 to 5 recently channeled their creative talents into a "Save Water" poster-making activity. The activity was a remarkable showcase of their talents. With a palette of vibrant colors and a canvas filled with powerful messages about saving water, the young talented artists took it upon themselves to remind us all of the critical importance of conserving water.

## Poster Making Activity

Each poster that emerged from this activity was a small masterpiece with a profound message—every drop of water count! These young minds beautifully captured the essence of water conservation through their artwork, creating visuals that resonated with everyone who had the privilege of viewing them.

The students' passion and dedication were evident in the colorful and thought-provoking posters they created. The activity was an excellent opportunity for them to learn about the value of water conservation and to express their commitment to protecting our planet.

It is with great enthusiasm that we share with you the delightful and educational experience our youngest learners had during the "Position Words Scavenger Hunt" was held. This creative and interactive activity was designed to help our children explore and understand the concept of position words while having a great time.

## Position Words Scavenger Hunt

Position words, often referred to as spatial or directional words, are crucial for young children's development as they lay the foundation for understanding their surroundings and expressing themselves effectively. During our lesson, the children engaged in a variety of fun activities that helped them understand and use position words such as "on," "under," "in front of," "behind," "far," and "near". They had a blast arranging balls in different positions. The enthusiasm and curiosity displayed by our kindergarten students were truly heart-warming.

Each clue in the scavenger hunt incorporated a position word, such as "find something behind the chair" or "locate an object under the table." Our young explorers enthusiastically scoured the school premises, using these position words to determine the exact location of the hidden treasures.

The scavenger hunt was a multifaceted learning experience. It not only introduced our students to position words but also encouraged teamwork, problem-solving, and critical thinking. They had to work together, communicate effectively, and apply their new knowledge to successfully complete the hunt.

Learning to read and write is an exciting adventure, and mastering consonant blends is a significant milestone in this journey. To make phonics fun and engaging, 'Consonant Blends Memory Game' held in UKG class. The activity was a playful and interactive way to reinforce our students' understanding of these phonetic blends.

Teachers prepared a set of cards with different consonant blends, like 'bl,' 'br,' 'gl,' 'cr,' and so on. They used colourful

pictures to represent the words associated with these blends. Each child took the pictures and matched them with their corresponding blends. For example, matching the 'fl' blend with a picture of a flag.

## Consonant Blends Memory Game

The Consonant Blends Memory Game is an excellent way to make phonics fun and interactive. It's a valuable tool for reinforcing consonant blends while enhancing memory skills.

The game not only enhanced their memory and cognitive skills but also allowed them to apply their phonics knowledge in a practical context. They were able to identify and remember the correct blends while having a great time. Learning through play not only fosters knowledge and skills but also sparks a love for learning that can last a lifetime.

.

.

Hands-on clay moulding activity was recently held with the aim of providing students with a tactile experience to better understand the concept of 3D shapes. This engaging and enlightening experience allowed our young learners to explore the world of geometry in a creative way.

## Hand-on Clay Molding

3D shapes, also known as three-dimensional shapes or solids, are a fundamental part of mathematics and play a significant role in various aspects of our lives. Understanding them can be challenging, which is why we chose a more hands-on approach to learning. During the clay moulding activity, students had the unique opportunity to delve into the world of 3D shapes in an interactive manner. Each student was provided with a block of clay, which they eagerly moulded and shaped into

into different 3D forms, including cubes, spheres, cylinders, and pyramids. As they worked with the clay, our young artists weren't merely learning about the attributes of 3D shapes; they were also developing their fine motor skills and unleashing their creativity. They explored concepts such as edges, vertices, and faces while creating their miniature sculptures.

This activity proved to be particularly beneficial for our students because it allowed them to see and feel these shapes in a tangible way, fostering a deeper understanding of their properties.

A delightful and interactive activity was held that brought together the world of letters, memory, and a friendly caterpillar puppet. Our young learners embarked on an exciting "*Caterpillar Memory Game*" that left them with a deeper understanding of the alphabet.

As part of this unique activity, a cheerful puppet of a caterpillar was placed on a vibrant grassy backdrop, creating an engaging and immersive setting for students. The puppet served as their adorable guide through the world of letters.

Big and small letter cards were spread out on the grass, each pair featuring a capital letter and its corresponding lowercase letter. These cards were thoughtfully arranged to stimulate curiosity and discovery.

The aim of the "*Caterpillar Memory Game*" was to encourage letter recognition, memory skills, and the connection between capital and lowercase letters. Our students eagerly set out on a memory quest, matching the big capital letters with their small lowercase counterparts.

As they picked up each letter card, the students excitedly placed the matching pairs on the caterpillar's back. The caterpillar puppet served as a charming backdrop to their learning adventure, providing a visual representation of their progress.

**Alphabet  
Adventure**

Life skills help individuals develop empathy towards others and recognize the effects of their actions. These skills enable people to take responsibility for their actions and resist blaming others. In our continuous effort to impart not only academic knowledge but also essential life skills to our young learners, the UKG recently organized a heart-warming activity.

## Public Transport Etiquette

The primary goal of this event was to instill in our students the values of gentleness and kindness toward people who travel via public transport. The activity was designed to help our pre-primary students understand the significance of being courteous and considerate towards fellow travellers when using public transportation.

To achieve this, the students were engaged in several hands-on and interactive activities that emphasized the importance of politeness and respect in public spaces. The students took on roles as commuters, bus drivers, and passengers in a simulated bus scenario. They were encouraged to demonstrate the behaviours and attitudes that make public transport a pleasant and safe experience for everyone.

This important lesson in kindness and respect, we hope that our students will carry forward these values not only on public transport but in all aspects of their lives. Encouraging kindness and empathy is a critical part of preparing them for a compassionate and harmonious future.

We are thrilled to share that our Nursery to UKG classes recently participated in an exciting and educational activity. They were introduced to the epic story of Ramayana through captivating puppet shows and shadow movie narration. It provided our young learners with an enchanting opportunity to get to know the essential characters of the Ramayana, one of India's most revered and cherished epics.

This immersive learning experience allowed our young learners to get to know the essential characters of the Ramayana, including Lord Hanuman, Goddess Sita, Lord Rama, Lord Lakshmana, and Ravana.

The use of puppets and shadow not only made the learning experience enjoyable but also helped the children connect with these legendary figures and their stories in a memorable way. We strongly believe that these early encounters with cultural and mythological tales contribute to our children's appreciation of our heritage.

The Ramayana, a saga of virtue, courage, and the triumph of good over evil, holds a special place in our culture and traditions. The Puppet Show was a captivating means to acquaint our young learners with the moral lessons and timeless stories within the epic.

**Puppet  
Show**

The spirit of Dussehra, a festival that symbolizes the triumph of good over evil, was brought to life in a colourful way. To celebrate this joyous occasion, a mask making activity was organized that allowed our students to express their artistic talents while learning about the significance of the festival.

## Mask Making Activity

Dussehra, also known as Vijayadashami, marks the victory of Lord Rama over the demon king Ravana. To make the festival more engaging and informative, conducted a mask making activity, students showcased their creativity by making masks of Ravan.

The activity encouraged our students to express themselves artistically and creatively. They used a variety of materials to craft their masks, from paper and fabric to colors and embellishments.

Crafting masks allowed students to develop their artistic skills, fostering creativity and self-expression. Through their masks, students connected with the moral and ethical lessons embedded in the epic. This activity not only allowed the students to express their artistic talents but also deepened their understanding of the cultural significance of Dussehra and the triumph of good over evil. It was a joyful and educational experience for everyone involved.

In the true spirit of creativity and environmental consciousness, we recently hosted a one-of-a-kind Dandiya-making and decoration activity for Grades III to V students with a twist - our students crafted *Dandiya sticks using paper!* This innovative celebration not only honored our cultural traditions but also encouraged *sustainability* and artistic expression.

Dandiya, a traditional Indian dance form, is deeply rooted in our culture, and it comes to life with colorful sticks during the festive season of Navratri. To add an eco-friendly and creative touch to our celebration, we organized a Dandiya-making and decoration activity using paper as the primary material.

This activity allowed our young learners to explore the art of crafting Dandiya sticks and to infuse their creativity into decorating them. The students were encouraged to let their imaginations run wild. They could create patterns, and designs, or simply express themselves freely by decorating their Dandiya sticks. We allowed the students to have a small session of Dandiya dance with their newly crafted Dandiya sticks. This provided an opportunity for them to understand the practical use of Dandiya sticks.

The Dandiya making and decoration activity was not only a fun-filled experience for the students but also an educational one. It allowed them to connect with India's rich cultural traditions while expressing their creativity. The colourful and personalized Dandiya sticks they created will be a source of pride during the festive season, and they will also cherish the knowledge and skills gained through this activity.

## Dandiya Making & Decoration

The ***Soil Erosion Science Activity*** was designed to provide students with a comprehensive understanding of soil erosion, its causes, and its impact on our environment. This activity not only instilled a deeper appreciation for our environment but also reinforced the importance of *sustainable* practices.

## Soil Erosion

Soil erosion is a natural process that occurs when the top layer of soil is displaced or worn away by various factors, primarily water, wind, or human activity. It is a significant environmental concern with far-reaching consequences for agriculture, ecosystems, and infrastructure.

Students collected data on the movement of soil particles and water runoff during the erosion process, applying scientific principles to their observations. The activity emphasized the importance of preventing soil erosion to maintain fertile land, reduce pollution, and safeguard natural habitats.

The activity encouraged a sense of environmental

stewardship and responsibility, fostering a commitment to sustainable practices. Students developed critical thinking skills by identifying the causes and effects of soil erosion and proposing solutions.

Practical experimentation enhanced the students' understanding of scientific concepts and processes. Awareness of Natural Systems helps Students gained a deeper *awareness* of the delicate balance of natural systems and the human impact on the environment.

As the festival season enveloped us with its warmth and joy, our students were recently engaged in a Diya decoration activity, they transformed simple clay diyas into vibrant, glittering works of art, making this festive season even more special.

The Diya Decoration Activity was not just about crafting beautiful decorations; it was about fostering creativity, artistic expression, and a deep connection to our cultural traditions.

Students were provided with plain diyas. These served as their blank canvas for creativity. Armed with paints, brushes, and glitter, students embarked on a creative journey, turning the plain diyas into vibrant, glittering pieces of art. They used a kaleidoscope of colors to express their festive spirit. The activity honed students' artistic skills as they painted intricate designs, patterns, and motifs on the diyas. It allowed them to explore their creativity and imagination. Seeing their finished creations glistening with colors and glitter filled the students with a deep sense of pride and accomplishment. The joy of personal creation was palpable.

The Diya Decoration Activity exemplified the harmonious blend of tradition and creativity. It allowed students to connect with their cultural roots while expressing themselves artistically. The intricate painting helps in fine motor skills, enhancing *coordination* and *precision*. Students experienced the satisfaction of creating something beautiful with their own hands. The activity immersed students in the festive spirit, fostering a sense of togetherness and celebration.

## Diya Decoration Activity

Toran Making Activity was organized, adding a touch of magic to the upcoming celebrations. The Toran Making Activity was a vibrant and culturally rich endeavour that allowed our students to immerse themselves in the art of crafting decorative door hangings, known as "Torans", using different papers and other creative objects. These vibrant door hangings added a touch of *cultural* elegance to our front doors and gates.

## Toran Making Activity

Torans are traditionally hung on the entrances of homes to welcome guests and mark the beginning of a celebration or festival. They were armed with colorful materials such as fabric, beads, flowers, and more, students let their creativity flow as they designed and crafted their own Torans.

Students learned about the cultural significance of Torans in various Indian festivals, understanding the rich traditions that revolve around these ornate decorations. The intricate work of threading beads and arranging materials honed the students' fine *motor* skills and attention to detail.

While students worked individually on their Torans, they also had opportunities to collaborate, share ideas, and inspire one another. The entries were a stunning sight, and it was heart-warming to see the vibrant colors and traditional motifs adorning our school's surroundings. We're proud of the effort and creativity displayed by our students, fostering a sense of pride and connection to our roots.

## **Class Assemblies**

***'Jumanji Safari' Grade Nursery***

***'Animal Adventure' Grade UKG***

***'Shaping the World' Grade LKG***

***'Community Helpers' Grade I***

***'Means of Transport' Grade II***

***'Amazing World of Clothes' Grade III***

***'Saviours of the Planets' Grade IV***

***'Breathe Right Drink Right' Grade V***

The Grade Nursery students of Tagore Public School hosted an impressive class assembly on September 27th, 2023, with the theme '*Jumanji Safari*'. Students displayed their remarkable talent and enthusiasm leaving a lasting impact on both students and parents.

Our little adventurers took everyone on a wild and unforgettable journey as they celebrated the fascinating world of the jungle in our recent school assembly. It was a spectacular event where our youngest students immersed themselves in the theme of the jungle, igniting their imaginations and sparking their love for nature.

## Jumanji Safari

The highlight of the assembly was the children's lively presentations about various jungle animals. Each child confidently spoke about a different animal, showcasing their budding public speaking skills. Their passion and dedication shone through in every word. The students donned creative

badges that represented jungle creatures, and it was heart-warming to see them embrace their roles with such enthusiasm.

What truly made this assembly special was the heartfelt message the children conveyed: the importance of conserving our precious jungles and raising awareness about environmental preservation.

It not only entertained but also educated our Pre-Primary students about the wonders of the natural world. We hope this adventure kindled a curiosity for wildlife and instilled a sense of responsibility toward our environment.

On September 29, 2023, the students of Grade UKG conducted a delightful and educational assembly with the theme '*Animal Adventure*'. The assembly began with a heartwarming school prayer, setting the tone for a day filled with learning and appreciation for the animal kingdom. The event was an enchanting journey into the fascinating world of animals, showcasing the creativity and talents of our little ones.

## Animal Adventure

The children came dressed with badges as various animals, radiating enthusiasm and curiosity about their chosen creatures. The entire hall was transformed into a captivating jungle, with vibrant animal-themed decorations and props, creating an immersive environment for everyone present.

The assembly commenced with an engaging introduction to the world of animals. The children's excitement was palpable as they shared their knowledge about wild animals, pet animals, and farm animals.

Following the informative session, a group of talented students put on a lively dance performance to an action song that celebrated the diversity of animals. One of the highlights of the assembly was the interactive activity where students were divided into groups and presented with images of animals along with clues about their favourite foods.

Animal Adventure Assembly was a captivating and educational experience for our students. It not only showcased their

talent and creativity but also instilled in them a deeper appreciation for the animal kingdom and the importance of preserving our planet's biodiversity.

mighty learners.

The assembly hall was beautifully decorated with a blend of 2D and 3D shapes, creating an ambiance that was both visually stimulating and educational. The assembly commenced with the serene recitation of the Gayatri Mantra, followed by the melodious rendition of the prayer song, 'God's Love, It's So Wonderful', setting the perfect tone for the event.

With their infectious enthusiasm, our little performers took the center stage, showcasing their understanding of 2D and 3D shapes like circles, squares, triangles, and rectangles etc. This act not only educated the audience but also set the stage for what was to come. Their earnest descriptions of each shape illustrated the remarkable journey from flat to dynamic dimensions.

The assembly closed with a heartwarming message that emphasized how our knowledge of shapes is not limited to textbooks but plays a significant role in everyday life, from constructing buildings to creating beautiful artwork.

**Shaping the  
World**

**"Alone we can do so little, together we can do so much" - Helen Keller**

The students of Grade I headed by Mrs. Deepika and Mrs. Sangeeta, presented their special assembly which was on the theme of community helpers. Who are community helpers and how do they help us in society

The assembly was held to make them aware of the people who help the community for its overall wellbeing. Some of the children came dressed as doctors, nurses, policemen, bakers, teachers, firefighters and spoke of their role in the community and presented a rhyme for the same.

## Community Helpers

The event was a delightful journey into the world of community helpers, showcasing the roles of various professionals who work tirelessly to keep our community safe, healthy, and thriving. Our young students embraced the theme with enthusiasm and talent, making this assembly an inspiring and educational experience.

The children shared how these helpers play an important role in our day to day lives and that we should always readily thank and acknowledge their hard work. Each student depicted a different

community helper profession; showcasing their dedication and bravery.

This was followed by an action song and the children performed a mesmerizing dance also. The assembly concluded with the thank you note by the Vice Principal Mrs Madhu Chauhan and by parents.

**“You can't understand a city without using its public transportation system”.**

On 9<sup>th</sup> October 2023 the students of Tagore Public School presented a special assembly on the theme means of transport. The assembly was divided into three aspects like land, water and air transport with the aim of making the children aware of the different means of transport available in these categories and how that play a crucial role in our daily lives.

The assembly began with the prayer. Students introduced the theme, spoke his lines with clarity and confidence. The children had prepared cut-outs of the different means of transport with the help of their teachers. Children paraded features related to these means of transport were explained to the parents sitting in the audience.

They also explained very well about the road signs and traffic rules. The entire display was supported by rhyme that was sung by students themselves. At the end of the display there was a theme dance presented by the students.

The assembly was a dynamic combination of entertainment and education. The performances not only engaged the students but also deepened their understanding of the importance of different modes of transport in our daily lives. It reinforced the idea that transportation is not just about moving from one place to another but also about connecting people, cultures, and communities.

**Means of  
Transport**

At Tagore Public School, Grade III students presented a delightful assembly exploring the 'Amazing World of Clothes'. They eloquently explained how clothing not only enhances our appearance but also reflects our personalities, making us look attractive, smart, and elegant. They emphasized the role of measurements in creating perfectly fitted garments.

## Amazing World of Clothes

The students showcased fashion through the ages, illustrating how clothing has evolved over time. The assembly emphasized responsible fashion choices by showcasing the importance of sustainable and eco-friendly clothing. Students advocated for a more conscious approach to fashion to protect our environment.

Parents also actively participated, showcasing their creativity by crafting T-shirts and conveying meaningful social messages. This exposure helped our young learners improve their communication skills and become more confident in public speaking.

Our Vice Principal ma'am addressed the assembly, praising our students for their outstanding performances. The assembly was not only educational but also entertained, leaving a lasting impression on everyone. It highlighted the importance of clothes, not just as a necessity but as a means of self-expression and creativity, uniting our school community in appreciation of the amazing world of clothing.

As we conclude this captivating exploration of the "Amazing World of Clothes," we hope that our students carry forward the knowledge and awareness they have gained about the multifaceted role of clothing in our lives.

Students conducted a special assembly and put on a remarkable skit titled 'Environmental Superheroes'. This assembly was an extraordinary showcase of imagination, teamwork, and environmental consciousness. The "*SAVIORS OF THE PLANETS*" assembly was a captivating journey into a science fiction adventure where our young heroes embarked on a mission to save not just one planet, but the entire universe.

With vibrant costumes and enthusiastic performances, they showcased the importance of environmental conservation. The story followed a group of young heroes who embarked on a mission to save the planet. Through witty dialogues and engaging acts, the students conveyed essential messages about recycling, reducing plastic use, and conserving energy.

## Saviors of the Planets

The skit concluded with a powerful message urging everyone to be environmental superheroes in their daily lives. A few students also wrote and displayed a letter addressed to the Municipal Commissioner of Gurugram to take steps to provide shelter to stray animals. It was a memorable and educational performance, inspiring both students and the audience to protect our planet.

Class assembly, promoting, '*Breathe Right, Drink Right*' was a remarkable showcase of knowledge and environmental consciousness. Our young learners delved into the fascinating properties of air and the distinctions between soluble and insoluble substances in water. They illustrated these concepts through engaging activities and even presented a 3D model depicting the water molecule and the forces binding its two elements.

## Breathe Right Drink Right

Beyond science, our students conveyed a crucial message inspired by the iconic song "Blue H Pani." This message reminds us of our responsibility to protect and conserve our precious air and water resources. It serves as a powerful call to action, urging us all to be mindful of our environmental impact.

Understanding the properties of air, the behaviour of substances in water, and separation methods are not just academic lessons; they are essential for our daily lives and our planet's well-being.

Let us all take inspiration from this assembly and strive to make choices that ensure we '*Breathe Right and Drink Right*'. Together, we can contribute to a cleaner, greener, and healthier world for generations to come.

Beyond science, our students conveyed a crucial message inspired by the iconic song '*Blue H Pani...*'. This message reminds us of our responsibility to protect and conserve our precious air and water resources. It serves as a powerful call to action, urging us all to be mindful of our environmental impact.

## Math-O-Magic Club

Learning mathematics can be an exciting journey, especially when combined with creativity and *hands-on* activities. To help our students understand the concept of fractions, we organized a fraction-based activity in which they learned to design houses using papers of different colors and shapes.

During this activity, students grasped the concept of fractions by folding the paper to match different parts of the house, including windows, doors, the roof, frames, and its surroundings. Each piece of paper was assembled to create a *fraction-based* house.

### Fraction Based Activity

The objective of this activity was to enhance their understanding of fractions. By integrating mathematical concepts with creative expression, we aimed to make learning about fractions engaging and interactive for our grade 2 students. Students worked in pairs to complete this activity, which not only helped them comprehend fractions but also improved their teamwork and communication skills.

The unique designs of each student's house showcased their deep comprehension of the fraction concept. These houses featured a delightful combination of different colors, shapes, and fractions, resulting in a visually stunning array of miniature paper houses.

Mathematics is not just about numbers and equations; it's also about applying mathematical concepts to real-world situations. We understand the importance of experiential learning, and recently, our students had the opportunity to explore the fascinating concept of averages in Math Lab.

## Average Exploration

The Math Lab activity on the topic of averages was designed to make mathematics come alive through hands-on experiences. Students were divided into teams of four, promoting teamwork and collaboration. Each team was a mix of students with varying heights.

Armed with measuring tape, the students took accurate measurements of the height of each team member. This practical application of mathematics allowed them to understand the significance of precision in data collection.

After measuring all team members' heights, the students calculated the average height of their group. This required the addition of all heights and dividing by the number of team members.

Students applied mathematical concepts to a real-world scenario, enhancing their understanding of averages. The activity required data collection, calculation, and interpretation, which are vital skills in mathematics. Students developed *critical thinking* skills by solving problems related to averages. Collaboration within teams improved communication and *teamwork* skills. Practical applications of mathematics made learning more engaging and relatable.

## Disaster Management Club

Safety is our utmost priority, and to ensure the well-being of our students and staff, fire drill activity was conducted. This activity was a crucial part of our commitment to *safety* awareness and preparedness.

In continuation with the exercise to create awareness among the students about disaster management, a mock fire and evacuation drill involving students and teachers was conducted from classes I to XII on 11<sup>th</sup> October 2023 to create awareness among the students about fire-fighting.

The mock drill was carried out in the school to prepare students and teachers for any such eventuality under the fire risk reduction programme. The purpose to organize the mock drill was to check the readiness of the school to face any such fire emergency and also to make the students and staff aware about the Fire Fighting Rescue Operation.

**Fire  
Drill**

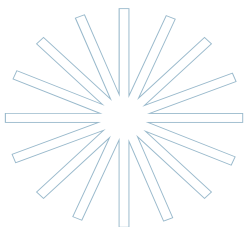

The students were escorted by their subject teachers to the school ground after the hooter sound. Once all had assembled on the ground, they were advised not to panic in case of any disaster. They were instructed to be with teachers at the time of disaster and follow the instructions given to them by their teachers.

The 'evacuation' operation began immediately after the fire alarm alerted the students. The students

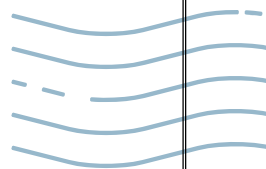

were immediately evacuated from their classrooms and asked to gather at the assembly area. Keeping all the safety measures, the entire building was successfully evacuated within 4.5 minutes.

Mock drill was monitored by Vice Principal Ma'am. She addressed the assembly and interacted with students regarding their perception of this drill. She also addressed certain precautions to be taken care of at the time of emergency. The session proved to be informative and an imperative lesson on life-saving skills.

## Fitness Fussion Club

**“Yoga is the journey of the self, through the self, to the self.”**

Yoga not only nurture the minds but also the bodies of our students. With this in mind, Yoga Session was organized in the school. It was a holistic experience that aimed to promote physical and mental well-being. The day was welcomed with sparkling smiles of young mangalaites who participated in the yoga session organized at school. Yoga enhances the concentration power, improve all over health "Yoga brings you into the present moment, the only place where life exists.

### Yoga Session

The Yoga Session was conducted by a certified yoga instructor and included students from various grade levels. It took place in a serene and tranquil environment within the school premises, allowing everyone to connect with their inner selves and find balance.

The session began with a series of physical yoga postures and stretches that helped students improve their *flexibility, balance, and strength*. These postures were designed to cater to different age groups, ensuring that all participants could benefit from the practice.

Yoga isn't just about physical fitness; it's also a powerful tool for mental relaxation. The session included meditation and mindfulness exercises, helping students calm their minds and reduce stress.

It gives us immense pleasure to share the exhilarating moments and achievements from the recently concluded Sports Week. This week-long celebration of sports and physical fitness was a testament to the spirit of *sportsmanship* and excellence that thrives within our school community.

Sports Week was a dynamic and vibrant event that brought together our students, teachers, and parents in a shared celebration of athleticism and teamwork. Here are some of the highlights:

The week featured a wide range of sports and physical activities, including athletics, football, basketball, volleyball, badminton, and many more. Students had the opportunity to explore and participate in their favourite sports.

Throughout the week, students engaged in friendly competitions that fostered a sense of camaraderie and sportsmanship. They showcased their talents and skills in a competitive yet supportive environment.

A large red semi-circular graphic with the text 'Sports Week' written in white, bold, sans-serif font.

**Sports  
Week**

Sports Week celebrated inclusivity by offering opportunities for students of all abilities to participate. Adapted sports and activities ensured that every student felt valued and included. Students learned about the importance of a *healthy* and *active* lifestyle. The week emphasized physical fitness and the role of sports in promoting overall well-being.

## Workshops

A workshop on life skills was conducted at Tagore Public School for the students of Grades IX to XII by National Award Recipient- 'Mr Arun Kumar Roy'. Attending his session was itself a lifetime opportunity for all Tagorians to learn about various aspects of life.

### Workshop on Life Skills

The students were stunned to hear about his workings and experiences in leading engineering companies and 25 years of accomplishment in the top management. It was hard to believe that we were live watching the personality who is experienced in Projects, Techno-Commercial aspects, Negotiations with foreign groups, Restructuring & Modernization of organizations and hands on Designing of machines & equipment. For which he received the prestigious National Award - "Vasvik Industrial Research Award 1991.

Inspiring the students, he shared his valuable thoughts on various aspects of life. His words accentuating the importance of positive thinking, being ethical and dedicated to work must have changed the mindset of students towards life. He emphasized that one's attitude can make him/her successful or unsuccessful in life with the help of an activity, which the students enjoyed a lot.

In a nutshell, the whole workshop proved to be quite motivational, resourceful, educative, fun-filled and inspiring for all of us

.Tagore Public School believe that nurturing the mental well-being of our students is of paramount importance. With this commitment in mind, we recently organized an enlightening workshop on managing mental anxiety. The event, organized by the professionals, offered valuable insights and tools to help our students cope with and conquer anxiety.

The workshop kicked off with an engaging presentation by a renowned psychologist *Dr. Sneha*, who delved into the various facets of mental anxiety, its causes, and the impact it can have on academic performance and overall health. Dr. Sneha also provided practical strategies for recognizing and coping with anxiety, emphasizing the importance of open communication.

## Workshop on Managing Mental Anxiety

The workshop incorporated interactive sessions where students could openly share their experiences and concerns. This participatory approach created a supportive environment, encouraging a sense of community and understanding among attendees.

Students had the opportunity to learn relaxation techniques, mindfulness exercises, and effective stress management methods. The practical nature of these sessions aimed to equip students with tools they can integrate into their daily lives to alleviate anxiety and enhance their mental well-being.

The closing remarks emphasized the ongoing commitment of Tagore Public School to prioritize the mental health of its students. Students were encouraged to continue the dialogue on mental health and to utilize the resources provided by the school's counselling services.

## Quiz & Debate Club

Tagore Public School witnessed an intellectually charged atmosphere as students from different houses gathered for an Inter-House Debate Competition. The topic of the day, "*Organic Farming versus Conventional Farming*," sparked intense discussions and critical thinking among participants.

### Debate Competition

The event took place, setting the stage for an engaging and thought-provoking exchange of ideas. The competition aimed to encourage students to express their opinions, refine their public speaking skills, and enhance their understanding of sustainable agricultural practices.

Students from various houses, including Courage, Harmony, Unity, and Spirit, enthusiastically participated in the debate. The participants were divided into two teams, one supporting organic farming and the other championing conventional farming methods. Each team presented compelling arguments backed by research, statistics, and real-life examples to support their stance. The event provided a platform for students to showcase their research and communication skills.

The competition was not only about competition but also about learning and fostering a sense of camaraderie among the students. After the fierce debate, the participants came together for a constructive discussion, sharing their thoughts and insights on the topic. It was a testament to the open-minded and progressive environment nurtured at Tagore Public School.

Ultimately, the event served as an opportunity for students to delve into the complexities of sustainable agriculture, weighing the benefits and drawbacks of both organic and conventional farming. It emphasized the importance of informed decision-making and critical thinking, qualities that will undoubtedly serve the students well in their future endeavours.

## Inter Hub Competition

On the 19th of October, 2023, Shalom International School hosted an Inter-Hub *Debate* Competition, inviting several schools from Gurgaon to participate. The central theme of the completion was, "*Should India be Renamed as Bharat?*" This thought-provoking subject brought forth passionate arguments from students representing different schools. Students showcased their oratory skills and command over the subject matter.

The debate competition was divided into two categories: '*For the Motion*' and '*Against the Motion*,' and also included an 'Interjector' category, where participants could challenge and question the speakers. It is with great pride that we announce the impressive achievements of Grade XI learners at Shalom International School:

### Inter Hub Debate Competition

1. **Manasvi Bhardwaj** secured the Gold medal in - '*Against the Motion*' category. Her well-researched arguments and eloquent delivery captured the audience's attention, earning her the highest honor.
2. **Toshik Thakur** clinched the Silver medal in the '*For the Motion*' category. His articulate presentation and persuasive stance earned him the recognition he deserved.
3. **Ayush Gupta** also won a Silver medal in the '*Interjector*' category. His ability to raise pertinent questions and challenge the speakers in a respectful and constructive manner demonstrated his critical thinking and debating skills.

We are extremely proud of their accomplishments and their representation for Tagore Public School.
